➔ As a result of comparing the contents of each resume file, it could be confirmed that the content had been modified compared to the resume originally received from Team Leader Jang Guk-ju via KakaoTalk.

➔ In the resume received via KakaoTalk, Q1. Motivation for applying was only partly written in the self-introduction section, and Q2. Project experience was blank,

➔ but in the Really Final file written by Kim Su-min, that content had been written.

Self-Introduction Content	Original: Choi Ki-young_Resume (Motivation for Applying).docx	Modified by Kang Su-min: Choi Ki-young_Resume_Final_Really Final.docx
Q1	I was born as the eldest son and grew up receiving abundant love from the adults at my grandfather's house. Around the time I entered elementary school, I came to live together with my parents and siblings, and as a reliable helper to my parents and a dependable eldest brother to my younger siblings, I played a central role in the family and was able to grow up in a harmonious and healthy home. Considering that my father works at Hangbok Clothing as an executive! if I am hired, I will keep striving, with burning youthful energy and vitality, to become a talent your company truly needs, and I will never stop developing myself!	I apply in order to contribute to the development of Hangbok Clothing, which does not settle for the status quo and narrows the distance between people and cultures. While taking statistics classes in the Department of Computer Science, I had many opportunities to confirm that data can be used to effectively predict future outcomes. Naturally I came to learn that data-based decision-making is important, and I built my data-analysis skills while carrying out projects at school. Working as an intern at Hangbok Group for a long time, I learned that Hangbok Department Store holds an overwhelming number of stores and amount of customer data in the department store industry. Department stores have open opportunities to obtain a variety of high-quality data by using customers' behavior patterns, and if data integrated through omni-channel is used, I

		have no doubt that Hangbok Group will build a competitiveness that no other company can rival.
Q2		Hangbok Home Shopping promotional material production [UCC production] - Team leader, intern promotional material production contest (team name: Rodaga Team) - Recorded 1 million views on NuTube Hangbok Department Store content production [poster planning and production] - Led planning and production of the Hangbok Department Store year-end sale poster - Produced posters using eco-friendly materials - Used Illustrator and Photoshop

Question 2

Find the circumstances in which Team Leader Jang Guk-ju received hospitality or money/valuables from a partner company, together with the location of the related place. (Use the GIS function)

A. Golf / Meal

Most are ordinary landscape photos, but there is one photo of playing golf.

Location : Tuscany CC in Idong-myeon, Cheoin-gu, Yongin

Date and time : November 6, 2020 and February 5, 2021

As the photo above was judged to involve receipt of hospitality, the related records were searched, and it was confirmed that the photo shows Team Leader Jang Guk-ju receiving hospitality from Park Sun-woo, the person in charge at the partner company Jeratech.

Evidence 1

➔ Park Sun-woo of Jeratech proposed a round of golf on 2/5 to Team Leader Jang on 21/2/1

	Jeratech Park Sun-woo	Yes, it will be a bit chilly, but it's clear

Evidence 2

➔ The round on 2/5 is not the first, and it is a place they had already visited once on 20.11.6. (the golf photo attached above)

Time	Speaker	Message
AM 11:03	Jang Guk-ju	Is it expensive?
	Jeratech Park Sun-woo	The place we went to on November 6, you liked it a lot, Team Leader Jang, didn't you?
	Jeratech Park Sun-woo	[Photo]
AM 11:04	Jeratech Park Sun-woo	Is this the right place?
AM 11:05	Jang Guk-ju	If you had a photo like this, you should have sent it a bit sooner. It came out well.
AM 11:05	Jang Guk-ju	But it's expensive here, will it be okay?
AM 11:06	Jeratech Park Sun-woo	It's the price of playing a round with Team Leader Jang. If you make time and come, I'll be nothing but grateful.
AM 11:06	Jeratech Park Sun-woo	Don't think about money, just come yourself.
AM 11:08	Jang Guk-ju	Flattery, huh. Then please make a reservation. I'll tell the company it's a meeting, so know that.
AM 11:08	Jang Guk-ju	This is a meeting too, after all. Isn't it?

Evidence 3

➔ The Team Leader demanded a meal from the vendor after the round.

Time	Speaker	Message

AM 11:06	Jeratech Park Sun-woo	Don't think about money, just come yourself.

AM 11:11	Jang Guk-ju	By the way, there's an empty seat, can I bring one more person?
AM 11:12	Jeratech Park Sun-woo	Of course, Team Leader. The reservation can just be redone, and I'll arrange for one more person to come along. Let's go together in my car for departure. I'll come to pick you up.
	Jang Guk-ju	Yes, then at that time

Evidence 4

In Team Leader Jang's work log, the round date is recorded as an external vendor meeting.
Hospitality/entertainment was received during working hours.

Recommendation

As circumstances in which Team Leader Jang Guk-ju received hospitality from a partner company have been confirmed, the details related to the round of golf and the meal should be confirmed in detail through interviews with the persons concerned, and if it is confirmed that hospitality was actually received, disciplinary action should be taken in accordance with the Hangbok Clothing related regulations.

Also, as a result of searching "Nine" on Team Leader Jang Guk-ju's PC, the images below were confirmed, so Nine is judged to be an adult entertainment venue, a business type whose use is prohibited by the regulations.

B. Use of Corporate Card for Personal Purposes during Vacation

The Hangbok Clothing corporate card management regulations stipulate that the corporate card cannot be used on days off, and as a result of checking Team Leader Jang Guk-ju's December 2020 work log, even though there was no work from 12/24 to 12/30 due to use of vacation, a history of corporate card use was confirmed, which is judged to be personal use unrelated to work.

C. Use at a Distant Place Significantly Outside the Jurisdiction and Near Home

As a result of checking the business registration numbers of "Ilgonggong Tuna" and "Izakaya Haru", it was confirmed that they are located in Gwangmyeong-si, Gyeonggi-do, as below. The time of use was after working hours and they are significantly far from the Hangbok Clothing headquarters, but it could not be confirmed that the usage history was unavoidable for carrying out business, and objective proof (business trip, prior internal approval, etc.) was not confirmed, so it is presumed to be personal use. D. Use of Corporate Card after 23:00

Under the Hangbok Clothing corporate card management regulations, use of the corporate card after 23:00 is prohibited, but as a result of checking the payment history, 2 payments made after 23:00 were confirmed, and it could not be confirmed that the usage history was unavoidable for carrying out business / no proof could be confirmed.

Recommendation

According to Article 9 of the Corporate Card Management Regulations, a recovery measure can be taken when the corporate card has been improperly used, so the 1,421,950 won should be recovered, and responsibility should be assigned in accordance with Hangbok Clothing's Reward and Punishment Regulations and Disciplinary Management Regulations.

> Article 9 (Measures against Improper Use of the Corporate Card) Where a corporate card has been improperly used, such as for personal purposes, a recovery measure can be taken for the improperly used amount, and responsibility can be assigned to the person who improperly used it in accordance with the relevant regulations.

Question 4

Find the circumstances in which a quote was arbitrarily modified and a transaction was made with a partner company.

Findings

After receiving a quote for African horn buttons from Manager Park Yong-jun of Innovation Button at 11:33 AM on January 26, '21, Assistant Manager Kang Su-min, when sharing it internally with the Purchasing Team at 2:17 PM, **changed the unit price of the African horn button (black) 15mm item from 1,500 won to 1,700 won and shared it**, and Team Leader Jang Guk-ju said at 3:06 PM to proceed at that unit price.

Although the KakaoTalk messages do not remain, judging from the fact that Kang Su-min again communicated (Comm.) the original unit price after the internal report, it is judged that the unit price was intentionally modified (increased by 200 won) and reported internally.

In the actual transaction statement, the transaction was made based on the 1,700 won modified by Assistant Manager Kang Su-min, not the 1,500 won of the quote first submitted by Innovation Button.

Recommendation

It is judged that further confirmation is needed regarding the actual KakaoTalk history between Kang Su-min and Park Yong-jun, which is not in the materials, and whether a rebate was received, and in the case of Assistant Manager Kang Su-min, disciplinary action under company regulations is judged to be necessary on grounds such as false reporting and data manipulation.

Question 5

Find the circumstances in which a Purchasing Team employee personally prepared a quote and made a transaction with a partner company.

Findings

Assistant Manager Kang Su-min prepared a quote based on a Cocomade quote file lacking detailed item names, unit prices, quantities, supply amounts, etc., and it is judged that the transaction with Cocomade was made based on those prices.

- Email records of quotes exchanged with Cocomade by the Purchasing Team members, including Assistant Manager Kang Su-min, could not be confirmed, and
- on Assistant Manager Kang Su-min's personal PC, amounts had been written into the blank quote form as of January 13, '21,

Recommendation

Further confirmation is needed on the reason why Assistant Manager Kang Su-min, the purchaser, directly prepared the Cocomade quote, and it needs to be confirmed whether there was any unethical conduct with Cocomade in that process.

Question 6

Find the circumstances in which Manager Lee Ji-su received hospitality or money/valuables and gave preferential treatment to a specific company in the competitive bidding process.

Findings

Manager Lee Ji-su held materials recording that Manager Lee Ji-su received cash (5 million won, '21. 1. 21.) and golf entertainment from a person named "Gu Min-su", and in the process of checking our registered partner companies, Gu Min-su was confirmed to be the Representative of Suajaju, a button supplier.

The button supplier evaluation carried out immediately after the above receipt of cash was conducted in 2 rounds, and Suajiju, which ranked 2nd in the 1st evaluation, changed to 1st in the 2nd (final) evaluation, which was because the Delivery/Supply item, which was not an evaluation item in the 1st evaluation, was added to the 2nd evaluation and Manager Lee Ji-su gave full marks on that item (In the case of Delivery/Supply, it is judged that quantitative evaluation is possible, but supporting data could not be confirmed).

The circumstances of how the evaluation came to be conducted in 2 rounds and how the evaluation items were changed were not confirmed, but considering the collusive relationship between Manager Lee Ji-su and Suajaju mentioned above and the circumstance[1] that in the Purchasing Team's work process Manager Lee Ji-su exercised more authority than the Team Leader, the possibility that Manager Lee Ji-su urged the evaluation to be conducted again cannot be ruled out.

Recommendation

Vendor evaluations should be carried out according to a plan established through prior reporting, and where a change in evaluation items is unavoidable, it should be re-reported and approval obtained. In addition, the supporting data for vendor evaluation results should be kept.

[1] Excerpt from an email sent by Manager Lee Gyu-cheol of Pyeongseha to Manager Lee Ji-su on January 22, 2021: Isn't it right that the Manager still has stronger power than the Team Leader?

Question 7

Find 1. the problematic email in the process by which Manager Lee Ji-su selected a vendor together with another department, and 2. the contract violations of the selected vendor. (Use publicly available Internet data or SNS data)

Findings

In the process of selecting an SNS marketing vendor, Manager Lee Ji-su dealt with a newly established company with which there had been no existing business relationship, and although Manager Lee Ji-su confirmed points that differed from the work previously performed, the unusual points did not go through an additional confirmation process through consultation between the persons in charge.

Question 8

Assistant Manager Go Su-bong reported to the Audit Team a few days ago that Assistant Manager Go Su-bong had been subjected to workplace harassment. Find the evidence consistent with workplace harassment.

In order to be recognized as workplace harassment, all 3 core elements below must be satisfied

Also, judging from the fact that Go Su-bong continuously uses honorific speech, it can be judged that Kang Su-min is in a superior position in terms of status and relationship.

Assistant Manager Kang Su-min is using the position at the workplace as follows.

A. Requested a discount at the sashimi restaurant run by Go Su-bong's older brother

B. Harassed Go Su-bong on the rooftop by using the fact of being one year senior

In the messenger conversation with IT Team Assistant Manager Lee Dong-geun, Kang Su-min says "One year is a heaven of difference", and it is presumed that Kang Su-min used the fact that Go Su-bong cannot easily argue back against a senior to verbally abuse Go Su-bong on January 22, 2021.
